If yes, please describe:_____

_____

A massage therapist does not diagnose illness, disease or any other physical or mental disorder. Neither will a massage therapist prescribe medical treatment or pharmaceuticals. A massage therapist will not perform any spinal manipulations. This massage therapy is not a substitute for a medical examination or a diagnosis.

Since my massage therapist should be aware of existing physical conditions, I have stated all of my known medical conditions and take it upon myself to keep the massage therapist updated on my physical health.
